Requirements	2 placement schools Across 2 key stages These can both be in the trust as long as in different hubs and key stages	Complete 2 assignments and a presentation needed to gain PGCE and 60 masters credits	Trainee must have taught and planned in 2 key stages and across two schools Over a period of 2 years, prior to application.	Modular degree 160 days in practice over a range of schools and year groups In conjunction with UCS Mature students can apply Requires BBB A Level entry	2 nd placement school is needed – should be arranged within the Trust	GCSE in English and Maths (Grade 4© or above A levels Or university mature student requirements met
Considerations	For existing Trust staff the Academy Head must consider that the School will lose a TA The trainee is unable to provide cover on tuition routes.		Trainee must have taught in 2 schools – consider a teacher swap with another Trust school. There can be no additional cost for a supply teacher during the 2 nd placement (minimum of a half term)	The course is 3 years – schools cannot predict vacancies and therefore trust cannot secure the trainee a post and recoup cost of work days missed.	There can be no additional cost for a supply teacher during the 2 nd placement, as this doubles staffing costs. Placement must be in a contrasting school	Trainee is paid on the unqualified pay scale
