

Freedom of Information Policy

1.0 Introduction

1.1 One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities should be clear and proactive about the information they will make public. To do this we must produce a publication scheme, setting out:

- The classes of information which we publish or intend to publish;
- The manner in which the information will be published;
- Whether the information is available free of charge or on payment.

1.2 The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is available for you on our websites to download and print off, or available in paper form.

1.3 It should be noted that access to personal information is still governed under the Data Protection Act 2018 and the General Data Protection Regulations (EU/2016/679). Requests for such information will be governed in accordance with the requirements of this legislation and might not be divulged publicly.

1.4 The Trust is committed to dealing with requests within statutory guidelines, which means that a response will be made no more than 20 working days from the date of receipt of the request and more speedily if possible. This will be extended in specific circumstances on legal advice in connection with public interest. Repeated or vexatious requests for information will be refused.

The Trust will claim exemptions as appropriate whilst maintaining a commitment to openness, scrutiny and the public interest. The Trust reserves the right to reclaim (at cost) administration fees in line with guidance issued by the Information Commissioner:

1.5 This publication scheme conforms to the model scheme for schools approved by the Information Commissioner (ICO). The Trust Board is responsible for the maintenance of this scheme. The ICO model scheme can be found here, the model scheme supersedes this scheme when amended:

2.0 Categories of information published

2.1 The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as “classes”. These are contained in section 5 of the scheme.

2.2 The classes of information that we undertake to make available are organised into four broad topic areas:

- (a) School Prospectus - information published in the school and Trust prospectus/web sites.
- (b) Governance Documents - Information about the school and its performance is reviewed by the Trust Board, committees of the Trust Board and Locality Committees.
- (c) Pupils and Curriculum - information about policies that relate to pupils and the school curriculum.

- (d) Policies and other information related to the school - information about policies that relate to the school in general.
